

OUR STANDARD FEATURES ARE ANYTHING BUT STANDARD.

Moon Family Properties offers premium features as standard. Whether it's top quality landscaping or fine wood cabinets, we've

upgraded from the outside in. Moon Family Homes are of the highest quality and set a new standard as homes of distinction in Georgia. Our open floor plans have been refined to

add functionality and comfort. Kitchens are centrally located in the home so that access is easy from any room of the house. All the master suites are spacious and most come with a fireplace. Throughout the house, we feature

10-foot ceilings with double crown molding and premium paint. The true craftsmanship of the cabinetry in all our kitchens is breathtaking. All are handcrafted and custom designed to

match the quality that has become a Moon Family trademark. Luxurious imported granite countertops are available in a variety of colors. Our professional on staff interior design team coordinates these colors and textures to match the selection of cabinetry and paint for optimum visual appeal.

Also included are hardwood and ceramic tile flooring as well as high quality carpeting.

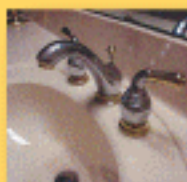

And all of our homes are prewired for cable, high speed internet, integrated sound and alarm systems so you're always connected from anywhere in the household.

We use high quality copper coaxial outlets, including CAT-5 and RJ-45 ports for your network. There are remote interfaces on the walls that control power and volume within each room where a sound system has been installed. The alarm system is wired for total home security and only requires activation from your choice of security monitoring companies. For added comfort, most of our homes have ceiling fans in all

rooms. And all the master bathrooms are spacious with whirlpool bathtubs, cultured marble countertops, upgraded faucets and lighting fixtures to

create an incredibly relaxed ambiance. All homes feature brick exteriors and are adorned with up to 50-one gallon evergreen shrubs. Bermuda sod is standard and maintained with an automatic three zone, 00 head sprinkler system to keep it green.

Come by and visit our new Welcome Center today and see how easy it is to upgrade from your current home to a new standard of premium living through our Home Trade Program.
